PROFILE

Creative and detail-oriented UI/UX & Graphic Designer with over 3 years of experience designing user-centered digital products, visual identities, and marketing assets. Experienced in creating intuitive web and mobile experiences, brand materials, social media campaigns, enterprise SaaS platforms, and government digital solutions. Skilled in user research, wireframing, prototyping, visual communication, branding, and cross-functional collaboration. Passionate about creating accessible, visually compelling, and business-driven digital experiences.

EDUCATION

Landmark University
B.Eng. Electrical and Electronics Engineering Graduated August 2023

EXPERIENCE

Eva Victory Aluminium (Industrial Training)
Graphic Design Intern January 2022 - July 2022

- Responsibilities
- Designed logos, flyers, posters, banners, social media creatives, websites, and mobile interfaces.
 - Created visual assets and branding materials for digital and print communication.
 - Assisted in preparing print-ready artwork and promotional graphics.
 - Collaborated with internal teams to maintain visual consistency across materials
- Achievements
- Produced creative assets that improved brand visibility and marketing effectiveness.
 - Enhanced visual consistency across promotional materials.
 - Delivered high-quality creative work within project deadlines.

4Core (NYSC)
UI/UX Designer June 2024 - May 2025

- Responsibilities
- Conducted comprehensive user research to inform the design of user-centric SaaS mobile and web applications
 - Designed intuitive and visually appealing interfaces in Figma for mobile apps and government-issued SaaS web platforms
 - Created interactive prototypes and user flows to enhance user engagement and streamline complex processes
 - Collaborated closely with development teams to ensure design feasibility and accurate implementation
 - Participated in usability testing and incorporated feedback to refine designs
- Achievements
- Developed user-friendly interfaces that simplified record-keeping and introduced automated solutions for secure, business-critical platforms
 - Contributed to significant improvements in user satisfaction and efficiency by centering design decisions around user needs and behaviors
